Effective 1st October 2017 - All prices are subject to change without notice.

Item	Description
Extra Cartage	An additional charge of \$2.50 + GST per m ³ per km applies for loads delivered more than 20kms from the nearest Boral plant. A minimum of 3 m ³ applies.
Minimum Load	A fee of \$45 per m ³ + GST applies for loads delivered less than 3 m ³ . Calculated as: Shortfall x per m ³ rate.
Out of hours	The following surcharges apply for deliveries out of hours. A minimum of 3 m ³ applies*: - Monday – Friday 5.00 pm to 5.30 am: \$30 per m ³ + GST - Saturdays 12.00 pm to 12.00 am: \$60 per m ³ + GST - Sundays & Public holidays: \$90 per m ³ + GST <i>Note: Surcharge applies at the concrete batch time, not delivered time.</i> * Saturday mornings prior to 6.00 am calculated \$30 per m ³ + GST, Monday mornings prior to 6.00 am calculated at \$30 per m ³ + GST.
Plant Opening	In addition to the out of hour's surcharge, a plant opening fee of \$3,000 + GST will be applied to open the plant outside normal operating hours. Note: 48 hours notice is required.
Cancellation	A fee of \$1,000 + GST applies when a pour is cancelled after 3.00 pm the day prior.
Waiting Time	Calculated as unloading time per minute > 30 minutes x rate. - Normal hours: \$2.75 per minute + GST - Out of hours: \$5.50 per minute + GST
Credit Card	A 0.8% surcharge applies to all credit card transactions. A 3.0% surcharge applies to all AMEX transactions.
Disposal	Over ordered or surplus concrete can be returned in the delivery vehicle for environmentally responsible disposal if no facility is provided on site. Returned concrete will be charged at \$200 per m ³ + GST or part thereof.
Pump Blowback	A surcharge of \$300 per load + GST in addition to the disposal fee will be charged for all pump blowbacks. Note: Pump blowback will only be undertaken if safe to do so.
Plant Mixing	A surcharge of \$100 per load + GST applies where concrete is mixed in a Boral plant and taken away in the customer's vehicle.
Truck Diversion	An additional charge of \$5.00 + GST per load per km for truck diversion applies. This is applied when a load is diverted from one job site to another or diverted to a location to dispose of returned concrete.

Quote conditions and Conditions of Quotation & Supply apply in addition to the above.
